

Nostalgia

COWORKING

- CPU as a Coworking for Sustainability
- Coworking as infrastructure for others to work
 - CPU Coworking as a job generator for their members
 - CPU as a sustainable business accelerator

Store-front

- CPU as specialised store
 - Super high quality products
 - Stores as community building
- CPU stores as they are today

Business Model

- What is the business model that CPU thinks is good?
- If Social Innovation is about building businesses and not NGO's, what is the best practice CPU wants to share?
- Which are the best sources of revenue today for CPU?
- Which are the best partnerships achieved by CPU?

Mentorship Program

- Who should be your target?
- What problems do they have?
- How can you help them to solve the problems?
- How did you solve those problems for CPU?
